

Digital Estate & Legacy Care

Compassionate help for managing a loved one's online life when it matters most.

Guidance when technology feels overwhelming

When someone passes away, their digital presence often remains: social media profiles, email accounts, cloud storage, phone numbers, and subscriptions. Handling these can feel overwhelming, especially while dealing with loss.

Fort Legacy's Digital Estate & Legacy Care service helps families take care of these digital responsibilities with compassion, security, and professionalism.

WHAT WE DO

Your dedicated team for every digital detail

From the first call to the final confirmation, your Fort Legacy specialists handle the details while keeping you informed.

Immediate digital action plan

Receive a prioritized checklist for accounts, devices, and subscriptions so nothing is missed.

Protect important data, prevent misuse, and ensure everything is handled with care from day one.

Digital account discovery

We help you identify every online account, subscription, and device that matters.

Receive a secure, easy-to-read report so you can see everything in one place.

Account closure or memorialization

Close or memorialize accounts with compassionate support across major platforms.

We guide you or submit requests on your behalf during private online sessions.

Data backup and preservation

Save cherished photos, videos, and documents before anything is closed.

Keep the memories that matter while we help organize what should be preserved.

Ongoing guidance

Stay connected with specialists who keep you informed until every account is resolved.

Reach us by email or video whenever you need reassurance or the next step.
